

# PSPro

**Be among the first progressive police departments to adopt this fully-featured software solution designed to document, investigate and track citizen complaints**

In conjunction with a tenured police chief and other police leaders, we've developed a software product that will enhance the level of professionalism within your progressive police agency. The software will enable your staff to intake, document and investigate complaints against police officers. This is an important tool that will build greater community trust and accountability within your department. The software also features "early warning" reports to assist you identify problems early and take corrective action before they become unmanageable.
